

VICTORIA BLAUVELT

CATERING & EVENT SPECIALIST

Owl's Nest Resort

Victoria was born and raised on a farm in a small town in Madison, Maine. She moved to New Hampshire in 2018 to attend college at NHTI in Concord, NH. There she earned a degree in Hospitality and Tourism while also earning certificates in Wedding Management and Event Planning. From a young age Victoria was always the organized kid in school who never wanted to be late and always followed a "timeline" in her day-to-day life. Victoria always dreamed of doing something creative with her career but never knew exactly what she wanted to do. Until she had a professor in one of her college classes who used to be a wedding coordinator for many of her professional years. She recommended the wedding industry to Victoria after working with her in a few of her classes. Victoria decided to give it a shot and she instantly fell in love with the job. Victoria says that working with couples leading up to one of the most special days of their lives is such an amazing thing to be able to experience!

Victoria has been working in the wedding industry since 2020! Over the last 5 years, she has worked at numerous wedding venues in New Hampshire, coordinating hundreds of weddings! She started out working at The Gardens at Uncanoonuc Mountain, in Goffstown, NH. Here she learned to deal with all the weather changes that mother nature can throw at you, with it being an all-outdoor, seasonal venue. A few years later, Victoria transitioned to working as an Event Manager at LaBelle Winery where she got familiar with working at two different venue locations and learned so much about the catering aspect of your wedding day. These two places set Victoria up and taught her so much about the ins and outs of a wedding day and prepared her to start her journey at Owls Nest Resort.
